

Agile SHIFT

AgileSHIFT is our new solution for enterprise agility. Our latest AXELOS guidance, training and accredited certification programme was created to equip every single person in your organization for transformational change. It equips your staff with the knowledge and guidance to confidently understand, engage with and influence change by embracing agile and lean ways of working. This lightweight, tailorable framework provides explicit guidance on the known barriers to successful transformation, providing both individuals and organizations with accessible, practical, and solution-driven guidance. Taking a holistic view of an organization, AgileSHIFT will create and support the champions of change your business needs to thrive in an increasingly competitive and disruptive workplace.

Who should attend

AgileSHIFT is designed to take a holistic view and win over the hearts and minds of the entire organisation. The training itself is targeted at an enterprise level. AgileSHIFT is aimed at “change enablers”, that is, leaders or individuals active in business transformation. Typical roles could include: Transformation leads/managers, Change leads/managers, Coaches or influencers, Senior positions within Product Management, Portfolio (PMO), Finance, HR, Legal, Sales & Marketing.

Benefits

Deliver quicker, cost-effective and low risk change by implementing a tried and tested approach to agile project management.

Understand the background of agile in project management and the differences compared to traditional / alternative approaches & Equip yourself with the core principles, concepts and processes required for successful agile projects.

Learn how to apply the DSDM approach to projects and daily activities and embrace an evolutionary development approach for more effective solutions.

Clarify different management styles needed for successful agile projects compared to traditional projects and be able to tailor these to the situation.
