

ARCHIMATE® 3 BRIDGING V2.1 TO 3

DURATION

4 hours, self-paced

ACCESS

12 Months

ACCREDITED BY

The Open Group

EXAM TYPE

Multiple choice
Free Pearson Vue exam
voucher included as well as
in-course mock exams

PREREQUISITES

Students should be ArchiMate
2.1 Certified

LANGUAGE

English

This course comprehensively covers the improvements made in the ArchiMate® 3 modeling language and how it can be practically applied when creating enterprise architecture models.

WHO SHOULD TAKE THIS COURSE?

This course is ideal for individuals or teams currently certified in v2.1 who wish to update their certification to the ArchiMate v3 standard.

WHAT'S NEW IN ARCHIMATE 3?

Like ArchiMate 2.1, ArchiMate 3 is a comprehensive modeling language that allows architects to create commonly understood and integrated visualizations of the essential enterprise architecture domains.

Published as an Open Group Standard in June 2016, the ArchiMate 3 specification is a major update to ArchiMate 2.1. New features in version 3 include:

- New concepts - Strategy and Motivation
- New entities – Application, Technology and Implementation layers
- Better ways to connect planning with implementation
- Improvements in cross-layer relationships
- New 'Physical' layer
- Improvements in the viewpoints definition mechanism
- Improvement in language mechanisms

EXAMINATION

Certification in the ArchiMate Bridging course requires you to pass two sections.

The first section is a multiple choice exam consisting of 20 questions. The second section consists of four complex scenario questions, with gradient scoring.

The exam is closed book during the first part of the exam – you cannot make use of any resources or materials during the exam. The second part of the exam is open book for the four complex scenarios.

After passing the exam you will upgrade to a certified ArchiMate 3 Practitioner!
